

PROTECTING OUR FUTURE

Everyday, families entrust their children to educators to prepare them for the future. Families assume that, with this responsibility, educators are doing all they can to ensure that the students are **SAFE** while in their hands. Every child deserves to feel **SECURE** and **PROTECTED** in school.

Salamander gives the ability to not only credential students but also to assure everyone is accounted for. With this proven system used by law enforcement and emergency services, Salamander is the leader in **Intelligent Accountability™**.

APPLICATIONS

- Flexibility / mobility - Apps in every classroom
- Daily use reporting / real-time visibility
- Meets federal guidelines for accountability
- Secured profile for students and staffing giving the ability to store information on medical cautions
- Database to store certifications and qualifications that is accessible with a simple scan
- Ability to track visitors and anyone on campus
- Ability to grant / deny access to campus (i.e. expelled students, terminated employees, etc.)
- Interoperability with local Emergency Services

HIGHLIGHTS

- Classroom and event attendance, including sporting events
- Field trip tracking (includes anyone leaving school grounds)
- Evacuation and mustering
- Tracking of buses and passengers
- Qualifications and certifications for teachers, and staff including trainers and coaches (i.e. first aid/CPR certifications, etc.)
- Visitor registration and tracking
- Late or hall pass issuance
- Assistance in crisis management planning
