

SERVE AND PROTECT

USING INTELLIGENT ACCOUNTABILITY™

TAG, TRACK & REPORT

Accountability is mandatory. Be prepared, have a plan and know your resources in real-time with Intelligent Accountability.

TAG

- Create interoperable IDs to track all responders, volunteers, patients, evacuees, civilians, and even equipment
- Manage personnel qualifications, rostering, and medical data
- Remotely check-in and view resources on a map
- Supports NIMS federal standards

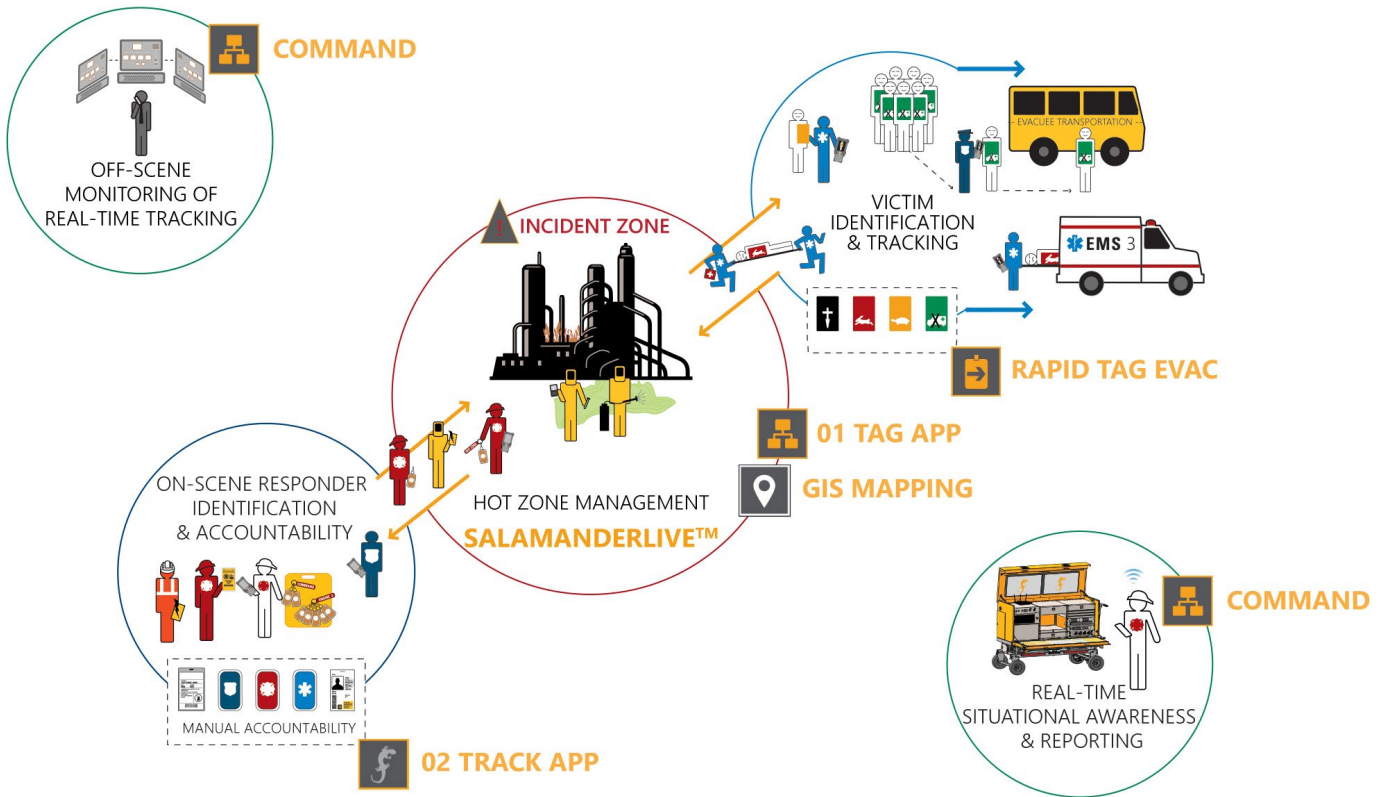

TRACK

- Track all resource activity throughout an event
- Utilize tablets and smartphones for mobile tracking
- Begin tracking and accountability efforts instantly with CAD integration
- Manage accountability in comms in and comms out environments

REPORT

- Utilize pre-planned templates for all incident types (i.e. search & rescue, wildfire, etc.)
- Provide comprehensive incident logs with real-time activity and detailed reporting for debriefing
- Gives situational awareness with off-scene activity
